

Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the Return on Investment of Summer school Programs in Pennsylvania study determined that for every dollar invested in summer school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three- part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Section 1 - Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in a summer school program. Include a brief description of the indicators used in the decision-making process.

All students in the Port Allegany High School and Elementary School will be eligible to participate in summer school programming offered by the district's professional staff. The board of directors at the November, 2021 meeting approved submission of ARP/ESSERs III 7%

set aside funds to pay for summer school activities for all students beginning in 2022 through the summer of 2024. The \$36,240 has been approved to pay for stipends for professional staff, summer camps and related programming, summer camp supplies, and transportation.

Section: Narratives - Summer School Program Questions

Summer School Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide summer school programming for their students.

2. Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Children from Low-Income Families	Academic Growth	905	The district will evaluate PSSA proficiency rates for students on all state assessments.

3. Describe the evidence-based resources that will be used to support student growth during the summer school program.

The district will use the following evidence based resources to implement the summer school program - certified district professional staff, approved district core curriculum, individual and small group camp instruction, multiple supplemental resources currently in use in the district including Study Island, Newsela, IXL Math, and others. Students will be provided the opportunity to work with participating teachers across the district beginning during the summer recess in 2022. These summer camps will be available through 2024.

4. Describe the staff that will provide the summer school program (i.e., internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
74	Internal Provider	Certified professional staff members providing individual and small group summer camp programming in the district.

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

b. The LEA assures it understands it is responsible to ensure that all summer school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the summer school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
PSSA Assessments	Annually	Increased student proficiency by 10% for all grade levels and across all state mandated assessments.

6. How will the LEA engage families in the summer school program?

The district will notify all families in the school district via letter, social media, website, and other appropriate means of the summer camp options available for their child.

Section: Budget - Instruction Expenditures

Instruction Expenditures

Budget
 \$36,240.00
Allocation
 \$36,240.00

Budget Over(Under) Allocation
 \$0.00

Budget Summary

Function	Object	Amount	Description
1000 - Instruction	100 - Salaries	\$16,000.00	Professional staff salaries for summer camps.
1000 - Instruction	200 - Benefits	\$11,000.00	Professional staff benefits for summer camps.
1000 - Instruction	600 - Supplies	\$5,000.00	Supplies to support related summer camps.
1000 - Instruction	500 - Other Purchased Services	\$4,240.00	Transportation costs to allow students to attend summer camps.
		\$36,240.00	

Section: Budget - Support and Non-Instructional Expenditures

Support and Non-Instructional Expenditures

Budget
\$36,240.00
Allocation
\$36,240.00

Budget Over(Under) Allocation
\$0.00

Budget Summary
